Dear Residents,

It is with a heavy heart that I write this letter. I have been serving the community since 2007. First, as the region's representative on the Mt. Hood Cable Regulatory Commission, then as a Planning Commissioner, and lastly as a Counselor. I have also had the privilege of serving as your Mayor since 2016. I have spent years fighting for Wood Village, our residents, businesses, and regional community. I have been proud to serve on regional boards such as the Metro Policy Advisory Committee, serving as vice-chair and spearheading initiatives at the Metro's Mayor Consortium. I was able to help accomplish a lot for the City, and there are many things left undone, and many more things that I would have liked to accomplish. Unfortunately, right now, I must take a break in order to fight for my life. As you know, I was diagnosed with cancer in late 2018. My cancer has progressed, and I need to step away from the City Council in order to focus my energy and efforts on winning this battle. Even though I am resigning, please know that I will always support, help, and contribute to this great community in any way that I can. It has been an honor serving you all and representing our wonderful community. Thank you for that privilege.

Sincerely,

Dear fellow Councilors,

It is with a heavy heart that I write this letter. I have spent the last 12 years serving Wood Village, East County, and the metro region. I was proud to serve on the City Council since 2009, as well as on the Planning Commission, and as the community's Mt. Hood Cable Regulatory representative prior serving on the City Council. I have spent years fighting for the interests of Wood Village residents and businesses. Most recently, I was appointed as Mayor by the City Council. I took the role as Mayor very seriously and strived to put Wood Village on the regional map. I had fully intended to request an additional term as Mayor in order to fulfil projects and initiatives that are still underway. However, I need to take time to fight for me right now. I need to fight my cancer and win this battle. Therefore, I will not be seeking a reappointment as Mayor, and wish to nominate Scott Harden as Mayor. I will always continue to support Wood Village and this great community. Thank you for your understanding, years of support, and your selfless service to the City.

Your colleague and friend,

A handwritten signature in cursive script, appearing to read "Timothy Clark", written over a horizontal line.

Timothy Clark: Mayor
