Wapato Online Academy Enrollment Opens July 1

If you are interested in your student attending Wapato Public Schools' Online Academy for the 2024-2025 school year, you can start the enrollment process beginning Monday, July 1, 2024. Interested families DO NOT have to live within the Wapato School District boundaries to enroll their students in the Wapato Online Academy. It is open to any family seeking an online learning experience for their students.

Out of district families who are interested should start by reviewing the program information which can be found on the Wapato School District's website at www.wapatosd.org and clicking on "Wapato Online Academy". After reviewing the information, you are required to fill out the "Out-of-District Student Interest Survey" which is also available in the "Wapato Online Academy" section of the District's website. Once you have completed the survey you will be contacted by the Wapato Online Academy Coordinator, Allyson Vinson.

In district families interested in the program should also review the program information on the District's website. After reviewing the information, they will need to fill out the "In District Student Interest Survey". After completing the survey Ms. Vinson will contact you.

If a family has a student that is already enrolled in the Wapato Online Academy, they will remain enrolled for the 2024-2025 school year unless they contact Ms. Vinson regarding changes. She can be contacted through email at allysonv.wapatosd.org

Enrollment for the Wapato Online Academy will be open from July 1 through August 16.
