Former Beaverton Mayor Sentenced to Federal Prison for Possessing Child Pornography

PORTLAND, Ore.—Dennis “Denny” Doyle, the former mayor of Beaverton, Oregon, was sentenced to federal prison today for illegally possessing child pornography.

Doyle, 74, a Beaverton resident, was sentenced to six months in federal prison and five years’ supervised release. Doyle was also ordered to pay \$22,000 in restitution to his victims.

According to court documents, in late January 2022, the Beaverton Police Department was notified by a local business that a USB thumb drive containing possible child pornography had been found. The business provided the thumb drive to law enforcement, and it was determined that it indeed contained child pornography. Additionally, the drive contained personal photographs that appeared to belong to Doyle. Law enforcement also determined the images of child pornography were downloaded onto the thumb drive between November 2014 and December 2015, while Doyle was serving as the Beaverton mayor.

After the Beaverton Police Department referred the case to the FBI, special agents from FBI Portland’s Child Exploitation Task Force (CETF) contacted Doyle at his home. Doyle was immediately truthful with the agents, admitting the drive was his and that he had personally downloaded child pornography from his home computer. No further evidence of child pornography was located on Doyle’s digital devices.

On March 3, 2022, Doyle was [charged](#) by criminal information with one count of possession of child pornography and, on October 11, 2022, [pleaded guilty](#) to the single charge.

This case was investigated by FBI Portland’s CETF with assistance from the Beaverton Police Department. It was prosecuted by the U.S. Attorney’s Office for the District of Oregon.

Anyone who has information about the physical or online exploitation of children are encouraged to call the FBI at 1-800-CALL-FBI (1-800-225-5324) or submit a tip online at tips.fbi.gov.

Federal law defines child pornography as any visual depiction of sexually explicit conduct involving a minor. Child sexual abuse material depicts actual crimes being committed against children. Not only do these images and videos document victims’ exploitation and abuse, but when shared across the internet, child victims suffer re-victimization each time the image of their abuse is viewed. FBI Portland's CETF conducts sexual exploitation investigations, many of them undercover, in coordination with federal, state and local law enforcement agencies. CETF is committed to locating and arresting those who prey on children as well as recovering and assisting victims of sex trafficking and child exploitation.

This case was brought as part of Project Safe Childhood, a nationwide initiative launched in May 2006 by the Justice Department to combat the growing epidemic of child sexual exploitation and abuse. For more information about Project Safe Childhood, please visit www.justice.gov/psc.
